And beat those lumps.

Long ago in a land far, far away, there was a man with a vision. A maven in the field of gay networking decades before the technique became a post cold war exigency for the '80s upwardly fag*iles*, *Blueboy's* founder made his dream a brilliant reality. He single handedly flushed the heterosexual punch bowl and the whirling dervish queens crashed the newsstand party.

Not only was *Blueboy*, born in 1975, the first (and only for years to come) internationally distributed (publically held) gay erotic title, it was the voice and hand of an enriched society, no longer skulking about amongst the scourge and scorned, but rather firmly controlling a life grip on the entertainment, fashion, art and governmental industries of our world. Simply put, gays were on an roll and *Blueboy* was there to reflect the movement; your thoughts and desires. Your non-fiction and fantasies.

Though the founder of *Blueboy* is sadly no longer with us, the spirit with which he founded the original corporate image and publishing profile has survived and grown brilliantly, shining far beyond the dim lights cast in its shadows by secondary look-alike titles.

At this upcoming twenty first birthday, *Blueboy's* now of age. We have taken on a new outlook for *Blueboy* along with our eight other gay erotic titles.

Blueboy, the first and longest standing gay erotic sophisticate, published continuously since September, 1975, has a great new look, a progressive and newly enhanced editorial profile and will begin regular distribution on a four week cycle, (thirteen times yearly,) beginning with our *Blueboy's of Age* (September, 1996,) issue.

We have designed a dynamic art/visual and editorial profile to compliment this million reader title. Superstar status spills across future issues as in depth interviews continue with the men and women you want to know about. An exciting, young editorial slant encapsulates an effervescent, frolicking youth-oriented lifestyle you've come to enjoy and expect. And you're going to get it now; and, from now on.

Eight time winner of the annual *PULSE Prize* by the International Gay and Lesbian Journalistic Guild for original design, literary content, and community contribution, our new 116 page (beginning next issue!), full 4-color monthly mag will be flooded with useful advice, tell tale tid bits, Hollywood gossip, first hand stories, while maintaining the traditional sophisticate slant and photographic compliment which has made *Blueboy* the largest and now BIGGEST, selling gay magazine in the world today.

Blueboy. Our best is now, more than ever: The first...the biggest...and second to none.

Danny Bonaduce says he'll swap fame and fortune for penny and pal-lessness any day...

Celebrity of the month: Danny Bonaduce. "I've been rich and famous and broke and anonymous. I'm here to tell you that rich and famous is definitely better." These are the words of child star turned talk show host Danny Bonaduce. The wise-cracking redhead kid that drove everyone nuts on *The Partridge Family* is all grown up. The road from Danny Partridge to Danny Bonaduce was not an easy one for the 36-year-old. The popular sitcom ended when he was 14-years-old. A short tenure on *Chips* followed while he was still in high school, but as soon as Bonaduce was out of his teens, he was out of a job. The next ten years promised a blur of drug and alcohol abuse that only ended when he married his wife, Gretchen, after a night of heavy drinking. Five years later, the couple is still together. His popular radio show has evolved into television. Danny Bonaduce is on his way.

"It feels great", says Bonaduce. "It was a long road to get

back here."

After growing up in tainted Tinseltown, Danny says that life in Chicago, where the show is taped, is a welcome relief. "I've been here for three years," says Danny. "I go to L.A. once a month, though. In L.A. people don't seem to relax, They're also just too damn good-looking for me. I ran in Malibu and I had the worst body on the beach, but I felt comfortable here in Chicago running along Lake Shore Drive with no shirt on."

Describing himself as the new kid on the block, Danny hopes his talk show will be a success. Says he: "I run commercials for everyone else's show on my radio show. I must be crazy or need the money. But what's a little competition?"

With all that crazy talk TV out there, not much.

SOAP STUFF

If *One Life to Live* fans are wondering why **Gina Tagnoni**...has a glowing bronze look, it's because the California girl worked at a tanning salon before moving to New York to play the role of Kelly Kramer. Says Gina: "I'm having a great time in the Big Apple. I'm really busy decorating my apartment. I love hearts, so I'm using them as a theme. I'm also copying Versace designs. Look for Kelly to finally jump into bed with her Aunt Dorian's husband, David Vickers.

The Hampton Classic was a quick affair for Susan Lucci. The infamous Erica Kane was in and out of the horse show before any of the fillys could wag their tails.

BIG SCREEN

THAT BRAZEN HUSSY **Shannen Doherty**... is back. This time she's dragging a couple of hunks by the names of Jeremy London and Jason Lee with her. The movie is called *Mallrats.* The movie tells the story of some leather-wearing weirdo named Silent Bob who councils two poor fools in a mall. This sounds scary.

BUH-BYE

I KNOW A SECRET... about one of America's hottest hunks. A certain psychic says that back in the early '70s, Sal Mineo told him that he was living with a struggling actor who would do anything to bet ahead. Said the ill-fated Sal: "The boy fucks me better than anyone I've ever known. He can swallow my entire dick in one gulp. I am in love." Anyway, the hot boy had a couple of vices, but became a major star, married well, and is now dating divorcee. I bet that Mr. X's estranged wife and new gal-pals wish he would have thrust all that dick into them the way he stuck it to poor dead Sal.

GOSSIP

In the spirit of Valentines Day, February's moves ponder questions of the heart:

Tongues are wagging about **Diana Ross** snubbing **Florence Ballard**'s three daughters by not letting them into her Detroit concert. Says 26-year-old Michelle Ballard, "We stood outside of the backstage door for two nights. The security guard told us that Diane said: 'oh, well,' at one point. Her daughter, Tracee, came to the door and said she couldn't let us in because we didn't have passe.s It was so embarrassing. Everyone knew who we were," Maybe Ms. Ross has something against former *Supremes*. Word is, **Cindy Birdsong** has been calling Ross' office for three weeks for tickets to the upcoming L.A. concert...they have yet to return her call.

Speed and *Johnny Mnemonic* star **Keanu Reeves** got the bum's rush from a Beverly Hills boutique when he balked at the price of a belt- $450 for a strap of black leather and a touch of silver and turquoise! "I'll give you $200," he offered. 'Out!' they countered, proving you NEVER haggle in the B.H. for casbah.

BY KELLY BARBIERI

Disclosure dame **Demi Moore** was doing fine at a special yoga class where they teach students to tie themselves in knots blindfolded until she got a terrible case of the giggles. The ticked teacher didn't find anything funny and asked his snickering student to leave.

What's up with **Melanie Griffith's** pocket book? Me thinks Miss Girl is spending too much money on *Porsche's* and Picasso paintings for Antonio Banderas. He ain't all that, girl. The man tries to hit anything in a skirt. Anyway, the working girl is taking Vanilla Ice (remember him?) to court to get back the $75,000 she shelled out to rent his Brentwood, Florida, house. Word is, Melanie is upset because the digs are without a TV, VCR and security system. For goodness sakes, Mel, you can get a VCR for 200 bucks!

SOUNDS
JUST LOOKING FOR A KISS...

The '70s. A decade in rock and roll when boys kissed boys, boys kissed girls, and girls were kissing anything they could get their hands on that kissed back. Or didn't. Basked in the decadence of weird drugs and even weirder sex, bands like *The Rolling Stones, The New York Dolls* and *Stiff Little Fingers* were redefining rock's sound... kicking the Hippies of the '60s out on their peace-loving, draft dodging butts, and showing them what the Now was really about. Quite a time in musical past.... but it could never happen again, right?

Wrong! Emerging once again is the scene that has the same essence of the merry '70s. Only this time it's not the Hippies that are getting the boot, it's Grunge that's being shown the door–and good fucking riddance to they're fashionably inept asses, if I do say so myself. After all, what are those Seattle living whiners but

Doc Martians anyway?! Peace is nice and all...but enough already. If I have to see one more band containing five kids on stage wearing the same clothes that they've been in for six months staring at their sneakers and not moving an inch during the whole show– I'm gonna jump out a window, *git* my drift?!! OK, so maybe there isn't all that rampant shagging that went on twenty years ago. I mean, we do have the big A to worry about. And maybe the bands aren't as original and you can't find speed worth a shit. Hell man, it's still a breath of fresh air for us innately decadent creatures that have been putting up with this whining crap on the airwaves for far too long. Thankfully, the record companies are taking heed and starting to sign the bands that have been playing the clubs since the late eighties. Looking to cities like New York instead of Seattle.

The Green Door parties (recently features in *Spin* magazine) started as a monthly party in NYC and quickly grew to a bi-monthly and then to infamy. *DJ Howie* and *Cousin Corn* have been known to spin *The Stones, The Ramones* and *The Archies* in the same hour. The combination worked, and inspired a set of bands that are emerging now and are responsible for the second coming of the seventies. Bands like *Speed McQueen, D Generation* and *Psychotica* have all been recently signed and are now working on their albums, so be ready for an explosion, people!! as a matter of fact, the *Green Door* has been so successful that the founders decided to introduce another party on non-*Green Door* saturdays, *Corruption*. The opening night was the 14th of October and of course, your friendly Blueboy corespondent was there. *Psychotica* played– and very much set the tone for the evening. Boys and girls go-goed on the bar, and while one could not be sure which was which most of the time–they were all beautiful. Multi-colored hair and multiple piercings danced to everything from *Elvis* to *The Dead Boys*. Most of the boys had on more make-up than the girls–and the girls loved it. If one was tripping on their drug of choice (not that I was, of course) they might have wondered if they had been thrown though some kind of anomalous worm hole, back in time or perhaps to Planet Transvestite (or whatever the hell it was...) from the *Rocky Horror Picture Show*, or maybe even both. Planet Transvestite in the '70s?! Hey, it could happen!! Whichever the case– you can comfortably rejoice in the fact that a musical revolution is coming. The choice is yours, either get on the train or be down over by it!

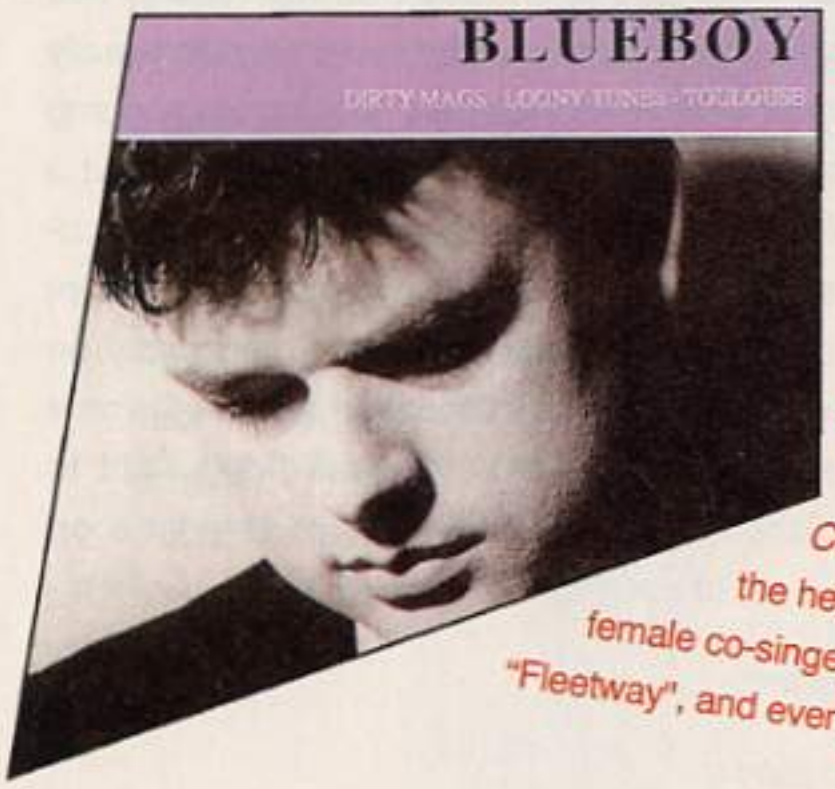
NEW KNEWS

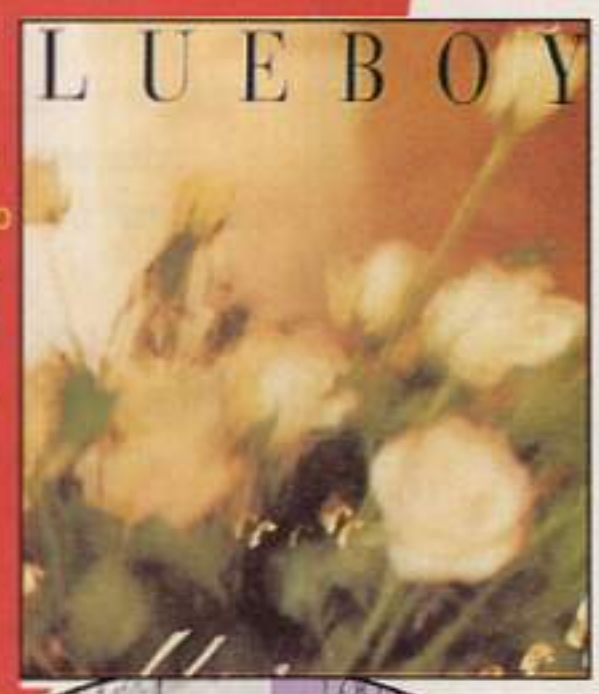
DIRTY MAGS, LOONY TUNES, TOULOUSE IT'S ALL ABOUT UNISEX SOUNDS

Britain has a new group who named themselves after their favorite manzine...

Ear Candy–this ish: ***Blueboy!*** *(the band)* Sent to the offices of ***Blueboy*** *(the magazine)* located in beautiful New York City (if you're blind and have a selective sense of smell that is!) was a marvelous CD by *Blueboy* (the band) who hail from rainy Reading, England. It seems that *Blueboy* rose from the still smoking ashes of the now defunct Feverfew, which was launched by *Blueboy* members Keith and Paul back in the 1983. The New wave strewn '80s musical influence of *Blueboy* is obvious but somehow manages to keep from becoming dogmatic. As the current CD *Unisex* carries the listener through songs reminiscent of bands such as *The Smiths* on "Cosmopolitan", *The Cranberries* (with the help of cellist and female co-singer, Gemma) on "Fleetway", and even exhibit some Cure-like tendencies on "River." While it's true that I could sit here and name what bands *Blueboy's* members might or might not have listened to until I'm blue (no pun intended) in the…*face*, let it suffice to say that the *Unisex* CD is very English, totally beautiful and utterly charming. Hmmm.



For more information on the band you can look in your local record shop and ask that cute little sales clerk if they happen to carry *Blueboy's Unisex* album on the English Sarah label. If they don't, you can ask him to order it just for your handsome self by calling Beth Aberdeen at (818) 955-4000; or, if your just too shy to speak to that record-lad, you can call Beth yourself–it's definitely worth picking up the phone–after all–with a name like *Blueboy*, it's got to be good!!



HOLE A

It started out almost as a joke. When of the guys I work with was complaining that he couldn't pick up guys in bars. He used to half-jokingly say that he could clear a bar in fifteen minutes just by walking in the door. I timed him once and it actually took closer to thirty! • I'd listened to him complain about his lack of tricks for several weeks. Then one day I got tired of it and told him to meet me at The Spike on Santa Monica Blvd. in West Hollywood at eleven that night and I'd show him how easy it was to meet a guy. • I've always been a prompt dude, so right on the dot of eleven I walked through the door and along the bar, looking for my bud. He, of course, was nowhere in sight, but about three quarters of the way along the bar I spotted a handsome dude who looked like a very promising prospect. I looked at him, he looked at me, I stepped up to the bar, introduced myself and we were ready to leave before I ordered a drink. It was a personal record for speed in making a conquest. The skin-tight jeans I was wearing, which fully displayed my big basket, probably helped. • I explained to my friend my real purpose in going to The Spike that night and he agreed to walk slowly as we left the bar. Even at a slow pace we were out the door within five minutes of my entering it. And my bud was nowhere in sight. • It turned out my new found friend, Tony, lived less than a block away from my apartment and he confessed once we were in my car that he had seen me on the street walking my dog on more than one occasion and had been hoping to meet me. • That news deflated my ego a bit. I'd been thinking that it was love at first sight (it was for me) that had propelled us out the door so rapidly! • It didn't really matter. Tony was a very hot number, not the usual dumb blond bimbette that I've always been a sucker for, but a tall,well-built brunet with a handsome, very masculine look. It was a short drive to my apartment and we tumbled into bed immediately on arrival. We both had to work the next morning and didn't want to waste any time on frivo-

lous chat-
ter. • Sex had reared its beau-
tiful head when I first spotted him and my dick
had been half-hard since the moment we'd started talk-
ing. His too. • It was the first thing I noticed about him even
before our eyes met. He was wearing *Spandex* shorts that clung to
his muscular legs and outlined his cock and balls even more explicitly than
my tight jeans. And as I've already said, the rest of the package was very nice.

Tony turned out to be a real romantic in the sack. He loved to kiss and cuddle and I didn't mind. His body offered lots of avenues for exploration and I traveled every route that night. • His chest wasn't a buff body builders over developed sculpture, but he had a natural build with smooth skin and two of the most succulent nipples I've ever come across. • Once the kissing ended, I paid a lot of attention to them, kissing, sucking and nibbling until he was moaning with passion, his dick jerking with anticipation.

Of course, I hadn't been neglecting it completely. It was too big to ignore. While I was working his tits, my right hand was traveling over his muscular thighs, cupping his big balls and stroking his monster. His hands hadn't let go of my nine thick inches since we'd gotten on my king-size waterbed, squeezing, caressing, stroking until I had to ask him to stop for fear I'd pop my wad before we got to the main event. • He'd told me casually that he rode a bicycle every day and it showed. His legs and especially his butt were classic cyclist developed. Just the way I like them, meaty and strong. • And his hole was tight I discovered when I slipped a finger into his crack and rubbed it lightly. Very tight. But Tony did nothing to indicate that it was off-limits. Instead his moans increased in intensity. • Finally abandoning his well-worked nips I kissed and licked my way down his body, over his firm abs, pausing to explore his deep navel, before burying my nose briefly in his fragrant pubes. • I had only to lift my head and his cock was waiting for me, pulsating with need, the cum slit oozing lube. I reached out with my tongue and tasted his sweet-salty essence, the tangy flavor exploding on my tongue. • I wrapped my lips around the flaring head of his cock and licked it rapidly with my tongue, before slowly going down on it until it was firmly lodged in my throat. • The minute I started sucking Tony's big meat, he started twisting his body around on the bed until he was in position to return the favor. • Return it he did. This boy was one expert cocksucker, literally inhaling my big cock to the root in one gulp and proceeding to give it a tongue and throat massage like I'd never experienced before. • Smooth and moist, his mouth felt silk lined, like I knew his asshole would. We fell into a natural rhythm, taking our time, sucking for the sheer pleasure of each other. There was no urgency, no rush to get off. • We both had other plans for the cli-
max of our night together, even if they were unspoken, undis-
cussed. I knew from the moment our eyes met that I
would be fucking Tony's tight ass and so did
he. • This was all a prelude to
the main vent.

carryover from 15

We both knew it, but there was no rush to get to the finale of a sex scene that was so pleasure filled for us both.

Our bodies were wound together in the classic 69 position and joined mouth to dick. For some, sucking cock is just a step in preparation for fucking. For others it is an art form. That was how Tony approached the act, as well as myself.

It is rare for me to bed a man without fucking his ass. The partners I pick always seem to know what is in store for them and are attracted to me for that reason. "I knows a bottom when I sees one!" I always say and I've rarely been disappointed or made a wrong choice.

But Tony's cocksucking abilities were too good to hurry and I was enjoying eating his big meat as much as he was sucking on my cock and balls.

Of course once my hand had discovered his hot ass it hadn't strayed. I'd been kneading and rubbing, caressing and probing all along. And then I decided it was time to taste his ass.

... I reached between my legs and began to finger my hole hard and nasty like a cunt in serious need of a fat cock...

I worked my way down to his balls and gave them a good working over. They were big and firm, encased in a smooth sac that was already tightening up. I sucked them into my mouth one at a time, rolling them over my tongue, tugging with my lips, to his obvious enjoyment, judging by the muffled groans of lust that escaped his lips which were still tightly clasped around my cock.

If anything the intensity of the blow job he was giving me intensified. When my tongue found it way into the deep valley separating his round globes, his reaction was to swallow my cock all the way and treat me to the best throat massage I'd ever received.

And when my tongue found his tight hole and began to massage it, he went ballistic, sucking my cock like a mad man while groaning louder than ever.

I licked and probed until his hole relaxed and the tip of my tongue was able to penetrate his soft, sweet assflesh. And within seconds he couldn't take the suspense any longer.

Releasing my hard cock from his sucking mouth, he gasped, "Fuck me! I can't wait any longer. I have to have this beautiful meat in my ass. You have to fuck me now!"

Even while he was gasping out his demand he was twisting his body away from me, rolling onto his back and pulling his legs back onto his chest so that his cheeks were spread wide and I had a perfect view of his winking, needy hole.

It was moving in and out with need, begging for my cock just as his words were. I reached for the jar of lube that always sits on the table beside my bed, anointed my cock, poked a big gob into his hole to oil the way and positioned myself.

He provided a perfect target as I knelt there, my hands caressing his upturned butt, my finger greasing his needy hole and opening him slightly for the incursion of my hard pressing prick.

All I had to do was lean forward. My cock knew the way. I didn't have to position it or aim it. It found its target like a heat seeking missile. One easy thrust and I was in. Another slight push and my bone was buried balls deep in his hot, hungry hole.

"Oh, yeah, man. It feels so good in me. Fuck me slow and easy. I want this to last a long time!" he smiled up at me, lifting his butt at the same time to meet my first full stroke into his wonderful hole.

I had been right. His ass felt like it was lined with pure silk. My cock glided in and out, not stopping on the in strokes until the thick head brushed firmly against his love button, eliciting groans of appreciation and encouraging cries from my sexy partner.

Now that he didn't have his mouth full of cock he talked sexily, encouraging my

every move, expressing his appreciation of my cock, my technique. I love it when one of my bottom's talks to me and with me while I'm fucking. Dirty talk can be an art form in itself and I love to hear a boy telling me how good my big cock feels, how good I fuck.

I take a lot of pride in my performance. Unlike a lot of tops I always make sure my partners get as much enjoyment from my fucking them as I do.

After all, that's what sex should be about. If both partners don't get full enjoyment from coming together, from joining there bodies and making them one in the oldest most passionate embrace two men can achieve, there's not much point in even starting.

I had no worry about Tony not getting as much enjoyment as I was. From the moment we'd met I'd known that we would make perfect sex partners. It's a sixth sense I have about potential partners and I'm seldom wrong.

I don't know if it's the way they stand or move or just the look in their eyes when I talk to them, but if the spark of recognition isn't there, I move on to the next candidate. I just can't be bothered with sex unless it's a true sharing of minds and bodies.

And Tony and I were into total sharing that night, both passionately in need of each other and more than willing to do everything in our power to give total fulfillment to each other.

I know I was doing my share to his obvious enjoyment. Of all the boys and men I've fucked in my life, I can think of only a few who loved it as much as Tony. The happiest smile I've ever seen was plastered across his face from the moment my cock first penetrated his tight ass until I shot my load and pulled it out.

But I'm getting ahead of my story. After breaking in his hole initially, Tony asked to get on his knees so I could fuck him doggy style. "It goes in deeper that way," he explained.

I happened to agree with him and usually suggest it myself before a fuck is over. I do like to start out with my bottom on his back. I think eye contact is important in the beginning, my partner looking into my eyes while my cock enters his body for the first time.

Once Tony was on his knees, his shoulders resting on the mattress so that his beautiful ass was propped up at just the right angle, we began again, my eager cock sliding easily into his hole.

I had the added visual impact of being able to see the ass I was fucking and this was one ass I loved looking at.

And slapping. Tony requested it just as my hand was almost automatically raised to deliver a sharp snap to his right cheek. There is nothing more visually exciting for me than seeing a white butt cheek turn rosy red while my cock is working an asshole.

...I spread my crack and felt his evil prick slither into my slit like a wet, snapping snake...

Most of my partners, if not all, get off on it as well. The sting, the heat, add to the overall excitement and enjoyment of a good fucking. Tony sure loved it.

"More please," he repeated whenever I would stop. His butt was bright red and hotter than ever long before I was even close to shooting my load.

I would look down, see his hot ass and watch my big cock sliding in and out of his hole, thankful that I love men.

There is no more exciting sight in the world as far as I'm concerned than to watch ass lips pooch out when you're withdrawing your thick dick

"How ya doin? I'm 6'1", blond, swimmer's build, 9 inches cut..."

MONEY ■ STYLE ■ AND STUFF

I've discovered that one can get away with almost anything, escape from the most embarrassing situation gracefully if one has just a modicum of style. With a lot of style, the world's your oyster.

By style, I'm talking about attitude and manners, the latter a very necessary component of style which is very much overlooked these days.

STYLE Is All About having *the* attitude. It all comes down to a gut level confidence ■ ■ ■

An appreciation of fine art, music and theater and some knowledge in those areas are another definite component of having style.

But good manners can't be faked. I would recommend to anyone with social and business ambition that they carefully read a good book on etiquette.

Miss Manners has several weighty tomes on the subject which are witty, fast reads and very practical. There are any number of other books on the subject which are equally enlightening. The preponderance of books devoted to what might appear to many to be an outdated subject, even arcane, suggests that in our crass, commercial world, there are a lot of people who still find the subject both fascinating and essential to their life. Striking the right attitude requires more than just knowing the right fork and spoon to use at the dinner table. It is the way your present yourself and the way you accept others that is most important. You can be well-mannered without being a snob, which is a no-no both socially and in business, no matter how you have seen socialites and business tycoons portrayed in films. Your best bet always is to be natural in social and business situations. Never look down on someone because they might make less money than you or come from a lower class.

People with real style aren't judgmental or at least never display a judgmental attitude. You will be instantly judged yourself and not favorably.

Style, especially in the social world that you might aspire to, means being well read and aware of current affairs in politics, the world and financial matters; the exact opposite of that commercial on TV where the woman responds to every question by referring to a popular show or tabloid.

Assuming that you have had a good liberal arts education of which art appreciation is an integral part, I will assume that you have seen the inside of at least a few museums, read at least a few books on art, been to the symphony, the opera, ballet and theater. With that as a base, one can keep current even without the financial wherewithal to attend a lot of cultural functions. There are any number of magazines that can keep you current and provide you with conversational fodder.

One needn't be a great conversationalist or have a quick wit to get ahead. Listening and being really attentive to the conversations of others can get you much farther than you might think. Nothing is appreciated more than a good audience, so even if you are basically shy and not a great communicator yourself, you will find yourself on many invitation lists simply because you are a good listener. That's a good way to get ahead in business as well. When a superior speaks, listen!

So style is an amalgamation of many things: good manners, a good basic wardrobe, an appreciation and knowledge of the arts, a mastery of etiquette and being an attentive listener.

If you can develop those essential qualities and combine them with kindness you are well on your way to an enjoyable and prominent social life and advancement in business.

Your #1 Dude Style Dial: He's the kind who wants to take charge of things. (He's likely to have fuck stuff mapped out to the stroke!) Independent and a stubborn ass. Always a trend setter and often a bullshitter. At his worst, he can be jealous and self-centered. Word of warning: This guy doesn't like to be told what to do! Potential O.J. here. Take karate lessons.

2

Your #2 Dude Style Dial: There's air between them ears, especially when things around him get too busy. He can't take the chaos and confusion He's a peacemaker at heart. He's loyal as a dog with one eye, and it's only on you. Ask him for help on a tricky homework assignment and he won't give up 'til you ace, but don't get him in front of a grand jury 'cause that's the point where he'll crack. Loyalty to a point, then you get the chair.

3

Your #3 Dude Style Dial: Who said it's not the pen it's the signature? Tops with little dicks. Neither of which will be your #3 dude. He's a big bottom with a big dick and he's not afraid to use it, he's just too fucking lazy to get off his back. And his hum hah sex shit isn't the worst of it. We're talking bad attitude when he doesn't get fed on time, doesn't get enough sleep or doesn't get his loose ass fucked hard enough to make him cum without having to jerk off. This guy will love you, true. But who cares?

As it happens, he can be charming if you're a total top and have lots of money and patience. But don't let him get too spoiled.

4

Your #4 Dude Style Dial: Hard working and practical is he. And we're talking in bed. This is one guy you won't have to coax or crocked to get your crack cocked. If he's dark-haired and of Spanish blood, spit shine that slit, bitch, because this guy like to get lots and you'll get so used to it that when he dumps your fried ass, you'll turn into a spinstress. And that cry baby crap won't be bringing him back because his next score will be another top to do to him what he'd been doing to you. Get it while you can, then get over it.

5

Your #5 Dude Style Dial: Just when you thought it was safe to go out on the dick hunt, beware the eyes of Five's. Plan on any Five checking your cheezy thighs is out to score

freaking birthday

. . . to be his?

on a slut, which is okay for now since that's what you are. But you can't hold your water, Sybil, and you'll fall in love with his aggressive first night approach, then collapse into crocodile tears when his lover answers the phone when you call him up like you promised you wouldn't.

Your #6 Dude Style Dial:

This guy's got a great front. He seems honest and sincere, and he believes in his heart that he is. But something went wrong somewhere in the cosmic pie and he's got a bigger slice of sleaze than his Mr. Burns' coal heart can burn off.Figure that any Six that sticks is a liar or he's on the lamb and laying low for a while.probably doing the same to everybody else. Plan on it especially if you think you're the big home wrecker and he dumps his lover for you. It's just a matter of time and you'll get yours.

Your #7 Dude Style Dial:

This guy's got a new twist to turn your life around. Just when you thought you'd seen it all, this one will make you wish you'd stayed with that number Four. The good thing here is that he's great sex. And if you can handle the fact that he's moody and has a tendency to be late for things which include dates, work, credit card payments, telling you he's cheating on you, and it's with your best friend. But there will be many good lessons learned with your Mr. Seven. You'll learn how to control your emotional outbursts better (at least in public) and you'll get closer with your family,

Your #6 Dude Style Dial:

This guy's got it bad it in this case, that is good. He's a charmer. And not just because I'm an Eight, we're all the same when it comes to the more important things. Mr. Eights are lovable, huggable (in public), reliable (read: employed) practical (they know when you've had all you can take and how to waltz around issues that send you to the moon) and they'll love you despite all your major short comings. And you know where I'm coming from there.

Your #9 Dude Style Dial:

Remember the old Beatles tune that went on and on...well, remember it well, because so do Mr. Nine's. At first you'll be charmed when he goes on and on about how much he would love to be with you and how the two of you make a perfect couple and how he's faithful and honest and loves you with all his heart. Then the minute you give up the bootie, he'll fade on you like a died linen chair in the summer sun. You ask, is there hope with any number? Answer? Go figure. ■

MY MASTER

His spit landed on my upturned ass just a split second before his palm descended with a sharp smack, turning my crack even redder and hotter than before and sending the thrilling sensation of being disciplined by my Master through to my soul.

It had been a minor infraction of the rules that had triggered this pleasurable session of bare bottomed spanking, one that I had done deliberately. I had been behaving so well for the past few days that I had begun to miss the feel of his hard palm on my ass, warming my butt until I cried out in a mixture of agony and arousal.

I knew that the discipline would be followed by the supreme pleasure of servicing my Master's huge cock with my mouth and hole, something I was always eager to do, had been trained to do for months now. Months of rapture and complete surrender to his will. If anyone had told me a year ago that I would become the willing slave of any man I would have laughed in their face. I had always thought of myself as a total stud.

My body is trained to perfection, rippling with muscles after years of lifting weights, running and cycling. My cock is as bigger than most men can handle easily and had conquered countless men in the few years since I had acknowledged my preference for the tight ass of a man over the sloppy, loose cunt of a woman.

Whether I was walking through the streets of Greenwich Village or standing in one of the countless gay bars in New York, the eyes of men were always following me with beseeching looks, eager to provide me with all the pleasures they could offer. I took those I chose and my pleasure wherever I happened to be, in dark alleys where they knelt at my feet and feasted on my big dick, in back rooms, sex clubs or the comfort of my bed if I was sufficiently attracted to invite them to my home. The world was my oyster, as the saying goes, and I was the reigning cock of the walk.

But toward the end of last year a curious unease had settled over me. The thrill of conquest had become stale. I retreated into myself, disappearing from the "scene" for weeks at a time, not returning phone calls, cutting myself off from the world. It was only at the urging of an old friend that I reluctantly attended a party that was to change my life. It was there that I met my Master, the man who was destined to turn my life around and expose my true self.

Despite the fact that he is only twenty-eight, just four years older than me, his presence is so compelling that a hush falls over every room that he enters. An aura of strength and wisdom surrounds him, framing his handsome face and awesome body.

I've seen it happen again and again. He will walk into a bar, a back room, a gathering of any type and everyone in the place is immediately aware that they are in the presence of a superior being. Looks of respect come over their faces and they practically bow down before him eager to please in even the smallest way, just for the satisfaction of performing the humblest act.

I had already been at this particular party for a couple or hours and was searching for an excuse to leave when he arrived. There were long moments fraught with naked yearning coming from every man in the room before some semblance of normalcy returned to the gathering. Even then you could tell that they were all distracted, signalling in subtle and not so subtle ways their availability to do anything he wished.

I should know. Until his arrival I had been the prime attraction at the party, surrounded by men known and unknown, hoping for recognition, to be chosen.

That changed the instant he walked into the room. I felt it. I observed it. I knew that it was as it should be. And I willingly cast myself as a candidate for his approval. It was an awkward position for

me to be in. For so many years I'd had only to smile or snap my fingers and the man of my choice would be willing and eager to be at my side, glowing with pride that he had been chosen for a night or a week or a month before I grew bored.

I knew nothing of submission to another man. My pleasures had always been obtained through so-called normal sexual practices. I loved having my big cock sucked, I loved fucking a tight ass, I loved being worshiped for my body and good looks. Of course, my partners of choice had to meet my standards of physical desirability in order to stimulate sexual desire, but there are thousands of men in New York who are eligible. I had more than my share of them.

He paused inside the door and leisurely surveyed the men gathered there, quickly and obviously dismissing them one by one, until his eyes met mine. And locked on them. I felt a physical and sexual shock as he walked across the room and stopped in front of me.

"I want you," he stated simply, his deep voice resonant with power and lust.

I trembled inside, unsure of myself for the first time in my life, but nodded my agreement, unable to speak.

His eyes swept the room with dismissal. "I don't see any reason for delay, do you? Let's go." With those words he turned and headed for the door, not even looking to see if I was following.

My friend grabbed me as I started after him. "That guy's into some heavy shit," he said urgently. "Are you sure you know what you're doing?"

I just smiled and shrugged his hand off my shoulder. I knew my destiny had called. All I had to do was meet it.

Outside the building a huge Harley-Davidson was parked at the curb. He straddled the saddle, motioned for me to climb on behind, turned the key and the engine sprang to life.

We sped through the streets, further and further downtown and into the heart of SoHo, finally arriving at an old warehouse that looked deserted on the outside. He opened a gate and wheeled the motorcycle inside, then ushered me through a door.

When he snapped on the lights I was dazzled by a room that reeked of masculinity from every corner. Leather furniture, heavy wood tables, thick carpeting underfoot, stark modern art on the walls. All spotlessly clean and well-cared for.

He walked across the room and led me down a narrow hall to a spiral staircase that descended into the basement below. When he turned on the dim lights at the foot of the stairs I saw for the first time his dungeon, whips and paddles neatly hung on the walls, heavy tables holding every sex toy imaginable and in the center of the room a huge padded table with straps dangling from the sides.

He turned to me and said quietly, "Strip."

As I did so he stood before me, his arms crossed on his massive chest, while his eyes inspected my body as I slowly revealed it to him.

It was a totally new experience for me. The tables had been reversed and it was I who was suddenly the supplicant, eager for his approval. I peeled my jeans off last, my cock already hard and standing out stiffly from my groin, surrounded by a thick mass of pubic hair.

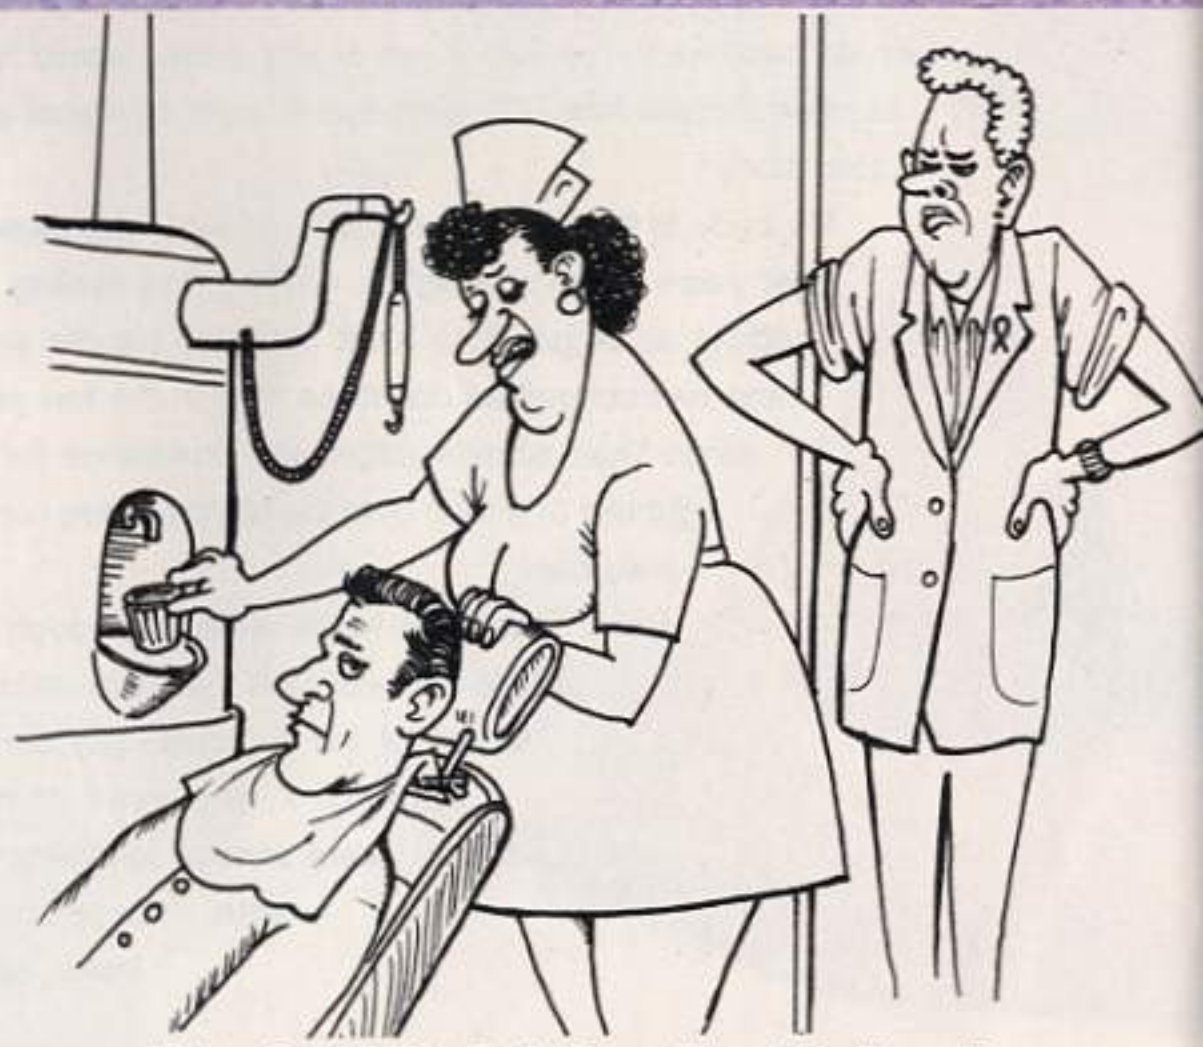
I stood there, my hands on my hips, while he slowly walked around me, his eyes raking over every inch of my body. Finally he grunted and said, "The hair will have to go."

"What do you mean?" I stammered.

"My boys," he intoned, emphasizing the word "boy," his upper lip curling into a sneer for the first time, "don't have body hair. It's the first step. Get on the table."

I did as I was told, curiously excited by what was about to happen. He opened a door in the wall to reveal a small, immaculate bathroom. He picked up small electric clippers from a shelf, filled a bowl with hot water, grabbed a can of shaving

...he bent down beside the table and quickly attached a suctioning sleeve that fitted my cock exactly...the sensation was incredible...



"Relax, Sweetie, the Tooth-Fairy will be right with you!"

cream and a safety razor and came back into the room.

Setting the bowl on the floor for the moment and the other instruments beside me on the table, he switched on the rechargeable clippers and quickly, professionally and neatly cleared away the mass of hair on my groin.

It was exciting to watch a symbol of my manhood being taken from me so matter-of-factly. It was as if I was being reborn in a sense.

Setting aside the clippers he quickly spread a thick coat of shaving lather on my belly, groin and balls and quickly scraped away any vestige of pubic hair, before ordering me to roll over.

He repeated the process in the crack of my ass until I was as smooth as a prepubescent boy, then quickly shaved my legs as well.

The thick hair on my head has always been closely cropped, so I was spared the final step for that night anyway. When he made me quit my job and move in with him, my head was shaved as well for several months.

It became an every other day ritual. As soon as a trace of stubble would appear anywhere on my body he would remove it. But that first night he stopped after my legs were bare.

"You will address me at all times as Master," he told me as he put away his shaving implements. "And you will be known from now on as 3. When we are out in public we will use your first name, Wayne, unless you are being punished, in which case you will have no name."

As he talked he began to undress, revealing his magnificent body to my wondering eyes for the first time. Despite the years I'd devoted to building my body, I looked like a young boy next to him. With his massive chest, slim hips, sculpted legs and arms, he looks like an ancient Greek statue come to life.

Between his legs he carries the most massive male member I've ever encountered in life or in pictures. Soft, it is still several inches longer than mine is hard. When it grows to its full size it looks like it belongs on a horse or bull. The foreskin peels back to accommodate the full length and it's so big around that I'm still unable to take it fully in my mouth. Below, in a silky, smooth sac hang a pair of balls in exact proportion to his cock.

I was already groaning with lust, my cock oozing a steady stream of precum, when he ordered me to get off the table and kneel before him. I sat back on my heels and looked up in awe as his cock began to grow and grow and grow.

When it had reached its full size and stood proudly out from his groin like a flag pole, he said, "You may show your respect now, 3. Kiss it."

He had in a few short hours taken my identity, remodeled my body to suit his taste and was now granting me permission to worship his enormous phallus. And I felt privileged to do so.

I leaned forward eagerly and began to shower kisses over the head and down the long, thick shaft.

"That's good, 3. Now take the head–and only the head–in your mouth."

I stretched my lips as widely as I could, fearful of scraping the sensitive crown with my teeth, and felt the heat of his enormous crown in my mouth for the first time. A drop of precum oozed onto my tongue and the flavor exploded on my palate. I felt enormously privileged that I was being allowed to taste his male essence and savored the sweet taste as best I could without closing my mouth too tightly.

"Use your tongue, 3!" he commanded.

I eagerly licked the broad head and felt his cock jerk with excitement at my touch. I attempted to take more of it in my mouth and was met with a quick slap to the side of my head.

"I told you to take only the head!" he thundered. "We will proceed when I tell you to. You do not initiate anything. Is that understood?"

He had taken my prize away as he spoke. It stood before me, just out of reach, while I stammered an apology, tears in my eyes from the combined effect of the slap and the realization that I had angered him.

He relented then and allowed me to suck on the head some more. I felt such a sense of gratitude that I still can't express it. I licked and sucked as he directed, careful not to go too far.

Just as my jaws began to ache and I grew fearful that I might slip and graze him with my teeth, he abruptly told me to stop and get back on the table, face down.

I discovered a hole in the center through which my aching cock could dangle. He bent down beside the table and quickly attached a suctioning sleeve that fitted my cock exactly. The sensation it produced was incredible.

He stood and delivered a stinging slap to my ass, telling me at the same time that I was to learn control and I was not to come until he gave permission.

I was in an agony of

We recently came across a three model layout from the Kristen Bjorn video *Manly Beach* which we couldn't resist sharing with you. It features Australian porn stars Dex Brown (who you will remember from our December 1995 issue), Root Calahan and Ian Layman.

If they are any indication of the kind of man that can be found in Australia we should all include that country in our travel plans. I can't wait to visit a country that produces babes of this caliber.

The video, shot entirely on location, is vintage Kristen Bjorn. One hunk after another is discovered by his camera and the sex scenes he directs are the hottest to be found on video tape.

Bjorn, who has traveled throughout South America, Europe and Canada in search of the major babes he casts in his videos is currently in production in Florida with his latest opus. It will feature imported talent from South America and Eastern Europe, the scene of his last two videos, *Vampire of Budapest.* released at the end of 1995 and his latest, *Comrades in Arms*, available now at your favorite video outlet.

apprehension. The sleeve was insistently, rhythmically milking my cock. He spread my legs apart and began to finger my freshly shaved hole, spreading grease around and in it with his thick fingers. I shuddered at the thought of his huge cock splitting me in two, but I was determined to do whatever he asked of me.

He stepped away from the table and came back with a rack of dildoes, graduated in size from normal to near his proportions. "I don't want to tear you up, so we'll start with this one," he said, picking up the first one on the rack, "and proceed until you're opened up enough to take me."

He greased it and slowly pushed it inside my ass. The combination of the dildo penetrating my ass and the sleeve milking my dick almost pushed me over the edge. I began to squirm and moan. He quickly pulled it out, saying, "You must learn control. That's your first and most important lesson. You take pleasure only when I permit it."

That said, he greased up the next dildo and slowly inserted it. I had loosened up just enough to take it.

It felt good. Better than I expected as he expertly manipulated it.

Two more followed and with a super human effort I managed to avoid shooting my load, despite the messages my balls were sending to my brain with increasing urgency.

Finally the moment arrived. My Master was preparing to mount me for the first time. He climbed onto the table and knelt between my wide spread legs. I could feel the heat emanating from the head of his cock as he rested it at the entrance to my tight hole.

He began to push in and I involuntarily clenched my ass muscles.

A quick stinging slap on my right cheek startled me so much that the head of his cock had popped inside my anal ring before I knew what had happened.

It hurt. I won't deny it. It felt like I was being split in two, despite all his patient preparation. But he didn't go any farther at first, waiting patiently for my ass to yield and relax. Slowly, inch by inch, he penetrated my grateful butt until he was completely buried inside me, his massive balls draped over mine, the small moustache of pubic hair he allowed himself tickling my sensitive butt skin. He rested his huge body on top of mine and didn't move.

His massive cock throbbed with impatience inside my widely stretched hole,but it wasn't until I made a tentative move, lifting my ass only slightly, that he began to stroke his huge cock in and out.

His patience and control was phenomenal and I learned a huge lesson in self control. That sleeve was still milking my dick and the head of his cock was pressing firmly against my prostate with each slow thrust.

It wasn't until I pleaded for more and faster that he began to fuck me in earnest, picking up speed until he was slamming that huge cock in and out of my grateful ass, his hard belly slapping against my ass, the sound echoing in the room and mingling with my groans of lust.

"Now!" he suddenly yelled. "Now! I'm cumming. Shoot your load with me!"

His cock began to belch its soothing balm into my battered, aching asshole and I let go, filling the sleeve with my pent up cum that had been begging for release for what seemed like hours.

My first lesson was over. The first of many more to come over the next year.

After he had turned off the machine and removed the sleeve from my spent cock he lifted me off the table and stood me before him.

I received my first kiss from him then, a kiss that had my senses reeling as I clung to his body with genuine gratitude.

When the kiss ended he told me to get dressed, that he would take me home.

And when he deposited me outside my apartment building he told me to be waiting outside the next evening on the dot of eight, "Eight o'clock sharp!" were his exact words.

Of course, I was. Withing a few weeks I had agreed to quit my job and move into his loft. It was my Master's will and who was I, a humble slave, a 3, to resist?

...inch by inch he thrust his angry cock into my hungry hole, his massive nuts slapped hard against mine as he began his fucking...

"YOUR FREE CATALOG KNOCKED MY SOCKS OFF"

We get that sort of comment all the time. People are impressed that our free Consumer Information Catalog lists so many free and low-cost government booklets. There are more than 200 in all, containing a wealth of valuable information.

They tell you how to make money, how to save money and how to invest it wisely. They tell you about federal benefits, housing and learning activities for children. They fill you in on nutrition, health, jobs, and much, much more.

Our free Catalog will very likely impress you, too. But first you have to get it. Just send your name and address to:

and then see it cave in again as you penetrate a hot hole one more time.

Like all acts of passion, eventually cool reason gives in to raw animal lust and you begin to lose a little control, then a lot. As my passion grew I began to fuck harder and faster, to Tony's obvious delight. "Oh, yeah, give it to me. Fuck that hot ass and fuck it hard," he burbled. "I love it. I love that big, hot, hard cock fucking my tight hole."

I began power fucking him, my cock ramming his ass at lightning speed, my balls pulling up tightly against the base of my dick, a sure sigh that my time is fast approaching.

I pushed Tony flat on the bed, raised myself on my hands so that the only connection between us was my thick, nasty cock and his asshole. It was then that I mercilessly rammed my hard, fuck-needy prick as fast as I could deep into his whimpering, wet, squeezing, needing hole. The sound of my hard, flat stomach slapping his quivering ass-cheeks and his unrelenting groans of "fuck me forever" encouragement along with the gasps of sordid man-fucking passion blended into the pure sound of sex soup, filling past the room for several blocks.

My moment came and not without a long, nasty fuck. I rammed his pussy with all I had in me. The more he begged for it, the harder I crammed that cock into his tight, manhole.

My balls could no longer contain their heavy load. I slammed my cock into his ass one las time and froze inside him while my cock belched out its load of hot cum, flooding his ass and triggering his own explosion.

"My god, you made me cum just by fucking me," he gasped. "No one has ever done that to me before!"

When I withdrew my slimy cock from his cum-filled hole he quickly rolled onto his back and welcomed me into his arms, his gratitude almost overwhelming.

We held each other tightly, kissing and caressing until our bodies regained some semblance of normalcy. Then we drifted off to sleep still twined together. I sent him off to work the next morning after promising that I would see him again that night. Then I showered and left for the office.

Of course my buddy was waiting for me when I walked through the door. "What happened to you last night? I waited in that bar until one o'clock, long after everyone was gone!" When I told him that I had arrived and scored within five minutes he didn't believe me. So I invited him over to meet Tony that night. Tony confirmed my story and promptly fell in love with my bud after a hot three-way. We are all still good friends.

Hey, I never said I was looking for a lover!

Carryover from 29

...I crammed his quivering slit deep with my hot cock and began reaming his wet, clenching loins...

"Wait! There's more!!"

IT'S TIME TO STOP THE BURNING.

96,000 acres of irreplaceable rain forest are burned every day.

The rain forest is the world's greatest pharmaceutical storehouse. It provides sources for a quarter of today's drugs and medicines and seventy percent of the plants found to have anticancer properties.

This senseless destruction must stop. NOW!

Rain Forest Rescue.

The National Arbor Day Foundation

The National Arbor Day Foundation, the world's largest tree-planting environmental organization, has launched Rain Forest Rescue. By joining with the Foundation you will help establish natural rain forest barriers to stop further burning and support on-site conservation plans to protect threatened forests.

NOW ■ THEN ■ AND STUFF

Aries
MAR 21 • APR 20

Fade the rash. Your constant hagdrum is like really lame, and nobody likes you any more. Re-think the big plan, Fran, or someone's going to put you out like a shaved cat with scabs. Maybe even an O.J. thing.

Taurus
APR 21 • MAY 21

Take your bull by the horn. Jerking-off's okay, but get with the program. You're not that sold on those fries to be so gone with the *hand* thing. Get out there do the gym stuff. Check back with life in a month or so and find a man to fuck you hard and nasty and you'll be cumming without the jerk. Go figure.

Gemini
MAY 22 • JUN 21

Get a grip. You're way close to losing it, again. This new-dick-every-time thing is getting dry. Saddle down, but not just on the next trick; and try it without the booze (etc.!) so he won't be so hard on your eyes when you wake up.

Cancer
JUN 22 • JUL 22

Tighten your slit, slut. You know it's time to rest the wicked when Sybil can't hold her water *with* a plug. That heavy hole stretching stuff is okay for a now and then, but don't career it or you're going to be an even bigger bore, (like that's possible.)

Leo
JUL 23 • AUG 23

Take care of business. You're in business drag and impressing your co-workers with your diligence and attention to detail. Don't lose sight of your dick needs. A big fist in your hole might be just the thing to try once or twice.

Virgo
AUG 24 • SEP 23

Don't be a big Mary. Your holier than thou attitude is a major turn-off to could be tricks. You have the (basic) looks to attract grade B babes. Just freeze your needs to act the brain wiz. If they wanted a smart chat they'd find a *Jeopardy* queen, not a tired Mary wannabe. Mirror time.

Libra
SEP 24 • OCT 23

Don't get goose eyed. The full moon in your sign this month will have you so hot for hump you might even get some. Enjoy, but don't get used to it because it's short lived and tomorrow you'll be dry again.

Scorpio
OCT 24 • NOV 22

Roll over and shut up. It's time you took it in the ass and act like it's your first. Maybe something black and nasty that slaps you around like you deserve. You're problem is that you're really a bottom and won't admit it. Try it, you'll see.

Sagittarius
NOV 23 • DEC 21

Change is in the air–again. Cycles, cycles and more cycles, your new one is all about ready. There's a fish in your future and it's you! That urge to dish the drag is a boneless meal you're going to love eating. And you'll be totally amazed at what the fish brings in.

Capricorn
DEC 22 • JAN 20

Money. Hey, why not? You're greedy and spent. The hooker thing is way late, Len, unless it's *you* that's paying. Learn to live within your means or plan on a long, lonely later life, and it's sooner than you admit. Your snotty-ass attitude isn't going to fly without the bucks to buffer the bitter. It's all about humble pie or a lotto score.

Aquarius
JAN 21 • FEB 19

Clear the green fog. You've not all that, but you're better than *he* says. Tell the dirtbag to fade, then do a deep douche & dump him out of your life for good. Once you've shat, get your crack smacked and squat on a big, rubber cock.

Pisces
FEB 20 • MAR 20

Stand tall and pee proud. Don't beat yourself up so much. Give someone else a chance. If your current stud isn't filling the crack, there's a new one. Watch your butt breath. Go deeper on the douche and save those sheets or you'll be known for your green fog.
